

PhD. Ellouzi Sabeur (Born in TUNISIA)

Co-Founder & Executive Agent — TFC (Detroit, Michigan)

Creator of the “[Line of Death](#)” Defensive System

Trainer of Special Operation Commandos “SOC”

Expert in Self-Defense, Close-Combat, Criminology & Mental Performance

Professional Profile

Dr. Ellouzi Sabeur holds a PhD in Sports Sciences from the University of San Francisco and brings over 40 years of continuous experience in martial arts, tactical instruction, and sports performance. A former trainer for Special Operations Commandos (SOC/SOF), Dr. Sabeur combines military-grade operational tactics, sport science, and criminological analysis into an integrated approach to contemporary self-defense and protective operations.

He founded TFC in Detroit with his Master PHD Sobhi H. Berri, and created the “Line of Death” defensive system in 2005 while conducting research and training in China. The system fuses traditional martial arts techniques with modern biomechanics, force dynamics, and criminology — producing a pragmatic and adaptive method for real-world close-quarters engagements.

Key Qualifications & Specialties

- PhD in Sports Sciences — evidence-based curriculum design, periodization, fatigue management.
- Over 40 years of martial arts and tactical training experience.
- Close-quarters combat specialist (CQC): hand-to-hand, clinch, grappling, weapons (knife, stick, improvised).
- Developer of the Line of Death hybrid system (2005 — present).
- Expert in criminology, distance science, and behavioral threat assessment.
- Mental performance coach: NLP (PNL), Ericksonian hypnosis, mental imagery for skill acquisition.
- International lecturer in sports psychology with a specialization in combat sports.

Professional Experience

- Co-Founder & Executive Agent — TFC (Detroit, Michigan): Lead instructor and curriculum developer.
- Trainer — Special Operations Commandos (SOC/SOF): Designed mission-specific combatives and tactical programs.
- Head Coach — Tunisian National Sanda Team (8 years): Directed training and competitive

strategy.

- Head Coach — ocean club kherkena sfax /Tunisia O.C.K : Senior coach at one of Tunisia's oldest and most prestigious clubs.
- International Close Protection Expert & Instructor.
- International Lecturer — Sports Psychology (Martial Arts specialization).

Creator “Line of Death” Defensive System

Conceived and formalized in China in 2005, the Line of Death blends traditional martial arts, modern tactical methods, biomechanics, and criminology. It focuses on adaptability, force control, and psychological readiness in unpredictable close-quarters combat situations.

Certifications & International Accreditations

- PhD — Sports Sciences, University of San Francisco.
- Certified Life Coach (Coach de Vie).
- Certified Practitioner — Neuro-Linguistic Programming (PNL / NLP).
- Certified Practitioner — Ericksonian Hypnosis.
- Tactical & Combatives Certifications (SOC/SOF-level training programs).
- International Accreditations: FCF (Russia), Budo Azerbaijan, Self Defense Global Federation.
- International Close Protection & Executive Security Certification.

Research, Publications & Presentations

- Mental Imagery and Skill Learning — visualization and motor learning in combat.
- Anticipation in Martial Arts — effects of fatigue, gender, and expertise on performance.
- Occlusion Training and Fatigue Management — improving endurance and tactical performance.

Training Philosophy

Dr. Sabeur emphasizes integration of mind and body: scientific training, psychological readiness, and traditional technique reinterpreted for modern threats. His philosophy: 'Real defense begins in the mind — awareness, anticipation, and the control of distance. The body follows the mind that is already prepared.'
